

Creating a Video Playlist

Find your Videos

Once logged into your Pathful Connect account, locate the video(s) you would like to add to your playlist. You can also browse the video library to build a playlist of videos you want to save.

Add to Playlist

When you find the video you would like to add to your playlist, select the "Add to playlist" option on the bottom right of the video.

Create a New Playlist and Add your Video

You will be prompted to create a title for your new playlist. Once you have created your playlist you will be able to add as many videos to this playlist as you like.

Add to Playlist ×

You can add this video to any of the playlists you've already created, or make a new one and add this session.

Playlist Name	Video Count	Action
